

Underearners Anonymous Service Structure

Notes:

1. *This is a draft diagram of the UA Service Structure as of January 2022 – it has not been approved yet by the World Service Conference or by the GSR Committee.*
2. *The World Service Conference is the highest authoritative service body in UA per Concept for World Service Two. WSC-Approved Committees do not have “authority over” the GSB and the GSB Committees, and the GSB and the GSB Committees also do not have “authority over” the WSC-Approved Committees. Per the motions passed at the World Service Conferences in 2018, 2019 and 2020, the WSC-Approved Committees are “interdependent with and autonomous” from each other, the GSB and the GSB Committees, and the relationships between these service bodies are to be “collaborative.”*
3. *The UK Intergroup calls its GSRs that attend the World Service Conference “delegates.” The Iran Intergroup calls its GSRs that attend the World Service Conference “International GSRs.”*
